

Notes:

1. Speaker placement will depend on specific venue.
 *Not Shown: two additional QSC K8 speakers placed BEHIND the audience in the house.

2. Venue will provide XLR cable runs from speakers to FOH position and A/C power to all speakers.

3. Table DSR should be "desk-like": preferably brown wood or black, and not larger than ~5'x3'.

4. Chairs (x2) should be wooden desk chairs if possible.

5. Venue is responsible for a 3'-high table large enough to accommodate our projector (at least 3.5'x2').

6. Venue to provide black masking to grid and SR & SL walls on plane with screen when possible, as shown on plot.
